Strata Committee Briefing Document

Elevate Media Group (EMG)

To: The Owners Corporation / Strata Committee

From: Elevate Media Group (EMG), philip@elevatemediagroup.com.au

Subject: Proposal for No-Cost Premium Elevator & Lobby Digital Screen Installation

Website: https://www.elevatemediagroup.com.au/

1. Executive Summary

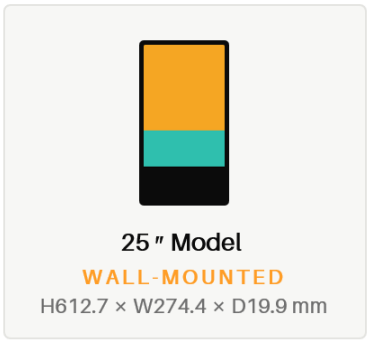

Elevate Media Group (EMG) proposes to supply, install, and maintain state-of-the-art digital smart screens in the lobby and lift cars of the building.

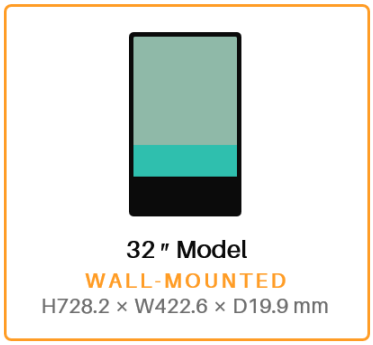

This initiative introduces a modern visual noticeboard for building management while generating recurring annual revenue for the building's administrative fund—all at **$0 cost** to the Owners Corporation.

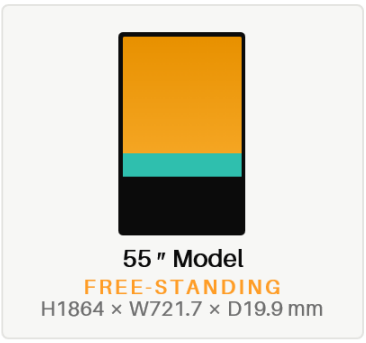

2. Financial Proposal & Cost Breakdown

Feature	Detail	Impact on Building
Capital Outlay	$0 upfront or hidden fees	No impact on sinking/admin funds
Supply & Installation	100% funded by EMG	Full professional installation included
Lifetime Maintenance	100% covered by EMG	Zero ongoing maintenance costs

Feature	Detail	Impact on Building
Annual Sponsorship Payout	**$300 – $800+** per screen / year *(scaled by building height/dwell time)*	Direct passive income into the **Administrative Fund**

Screen sizes: payout is identical regardless of screen size.

3. Key Benefits for Building Residents & Management

A. Free Digital Noticeboard (30% Dedicated Airtime)

- **Zero Admin Friction:** Strata managers and committee members can instantly upload, edit, and update notices remotely in real time.
- **Instant Communication:** Replaces cluttered paper notices with sleek digital displays for AGM reminders, emergency repairs, by-law updates, and parcel delivery alerts.
- **Modern Aesthetic:** Enhances overall building presentation and visitor perception with premium high-definition LCD smart screens.

B. Passive Revenue Stream

- Participating buildings earn guaranteed annual revenue without financial risk or administrative upkeep.
- Returns are paid directly into the administrative fund to offset rising building operational costs.

4. Safety, Compliance & Technical Standards

EMG ensures full regulatory compliance to maintain building integrity and safety standards:

- **Certified Lift Installation:** Installed exclusively by certified lift technicians in strict accordance with Australian standards and lift manufacturer guidelines.
- **Electrical Safety:** All hardware is fully compliant with Australian Regulatory Compliance Mark (RCM) certification standards.
- **Comprehensive Insurance:** Full public liability and hardware insurance is maintained by EMG.
- **Content Moderation:** All commercial advertising broadcast during remaining airtime is strictly vetted to ensure content is family-friendly, premium, and non-intrusive.

5. Next Steps for Approval

1. **Strata Committee Vote:** Motion to accept the EMG Digital Screen Proposal at the next committee meeting.
2. **Site Assessment:** EMG technicians perform a routine wall/lift check to confirm cabling paths and display positioning.
3. **Agreement Execution:** Sign standard EMG License Agreement detailing payout rates and maintenance terms.
4. **Installation & Onboarding:** Installation completed with zero disruption to residents, followed by Strata Manager portal access setup.
